THE BASICS OF THE OMAHA SYSTEM

←—————→

For use in public health, home care, case management, parish, hospitals, nurse-managed centers, schools, and other settings

Agenda:

- 8:30-9:00: Registration
- 9:00-9:15: Welcome and Introductions
- 9:15-11:15: Overview of the Omaha System
- 11:15-12:30: Group Practice
- 12:30-1:00: Lunch
- 1:00-2:30: Practice
- 2:30-3:20: Users and Discussion
- 3:20-3:30: Wrap-up; Complete Evaluations

Essential Points for Participants:

1. The three parts of the Omaha System are the Problem Classification Scheme, the Intervention Scheme, and the Problem Rating Scale for Outcomes.
2. Various benefits are associated with using an organized framework for the practice, documentation, and management of interdisciplinary health care services.
3. Accurate and consistent application of the Omaha System to case study client data is an important skill for users.
4. Three or more types of groups use the Omaha System.

For more about the Omaha System, review www.omahasystem.org. If possible, bring a copy of *The Omaha System: A Key to Practice, Documentation, and Information Management* (2005) to the workshop. To order books, see www.healthconnectionspress.com. A limited number of books will be available for purchase at the workshop.
